Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

 10 minutes

A

Team gathering

Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B

Set the goal

Think about the problem you'll be focusing on solving in the brainstorming session.

C

Learn how to use the facilitation tools

Use the Facilitation Superpowers to run a happy and productive session.

1

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

 5 minutes

PROBLEM

**VISUALIZING AND
PREDICTING HEART
DISEASE WITH A
INTERACTIVE
DASHBOARD**

Key rules of brainstorming

To run an smooth and productive session

Stay in topic.

Encourage wild ideas.

Defer judgment.

Listen to others.

Go for volume.

If possible, be visual.

Brainstorm

Write down any ideas that come to mind that address your problem statement.

 10 minutes

VIGNESH T

- Research for papers published related to our projects
- Extract and synthesise our users most essential needs
- How we might creatively and effectively visualize our prediction of heart diseases
- Identify the Key elements of our dashboard

YAZHINI S

- sketching a clear mind map
- Focusing on the user's interface
- Developing maximum solution to the problem
- identify the data elements to drive opportunities

SHAMYUKTA BOSE

- relate to the users point of view
- effective usage of the IBM cognos platform
- identifiy the opportunity behind the ideation of our project
- take possible solutions and go through iterations building a prototype

SURAKSHA S

- try sourcing for real time data
- searching for an effective algorithm
- Gap Filling and Developing Processes with data
- Analyze Relationships Between various attributes

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

🕒 20 minutes

Early diagnosis of heart disease is significant to minimize the heart related issues.

when asked to define value in their healthcare experience, patients on average ranked having knowledge and competent practitioners

In order to protect from heart disease, don't smoke, drink alcohol.

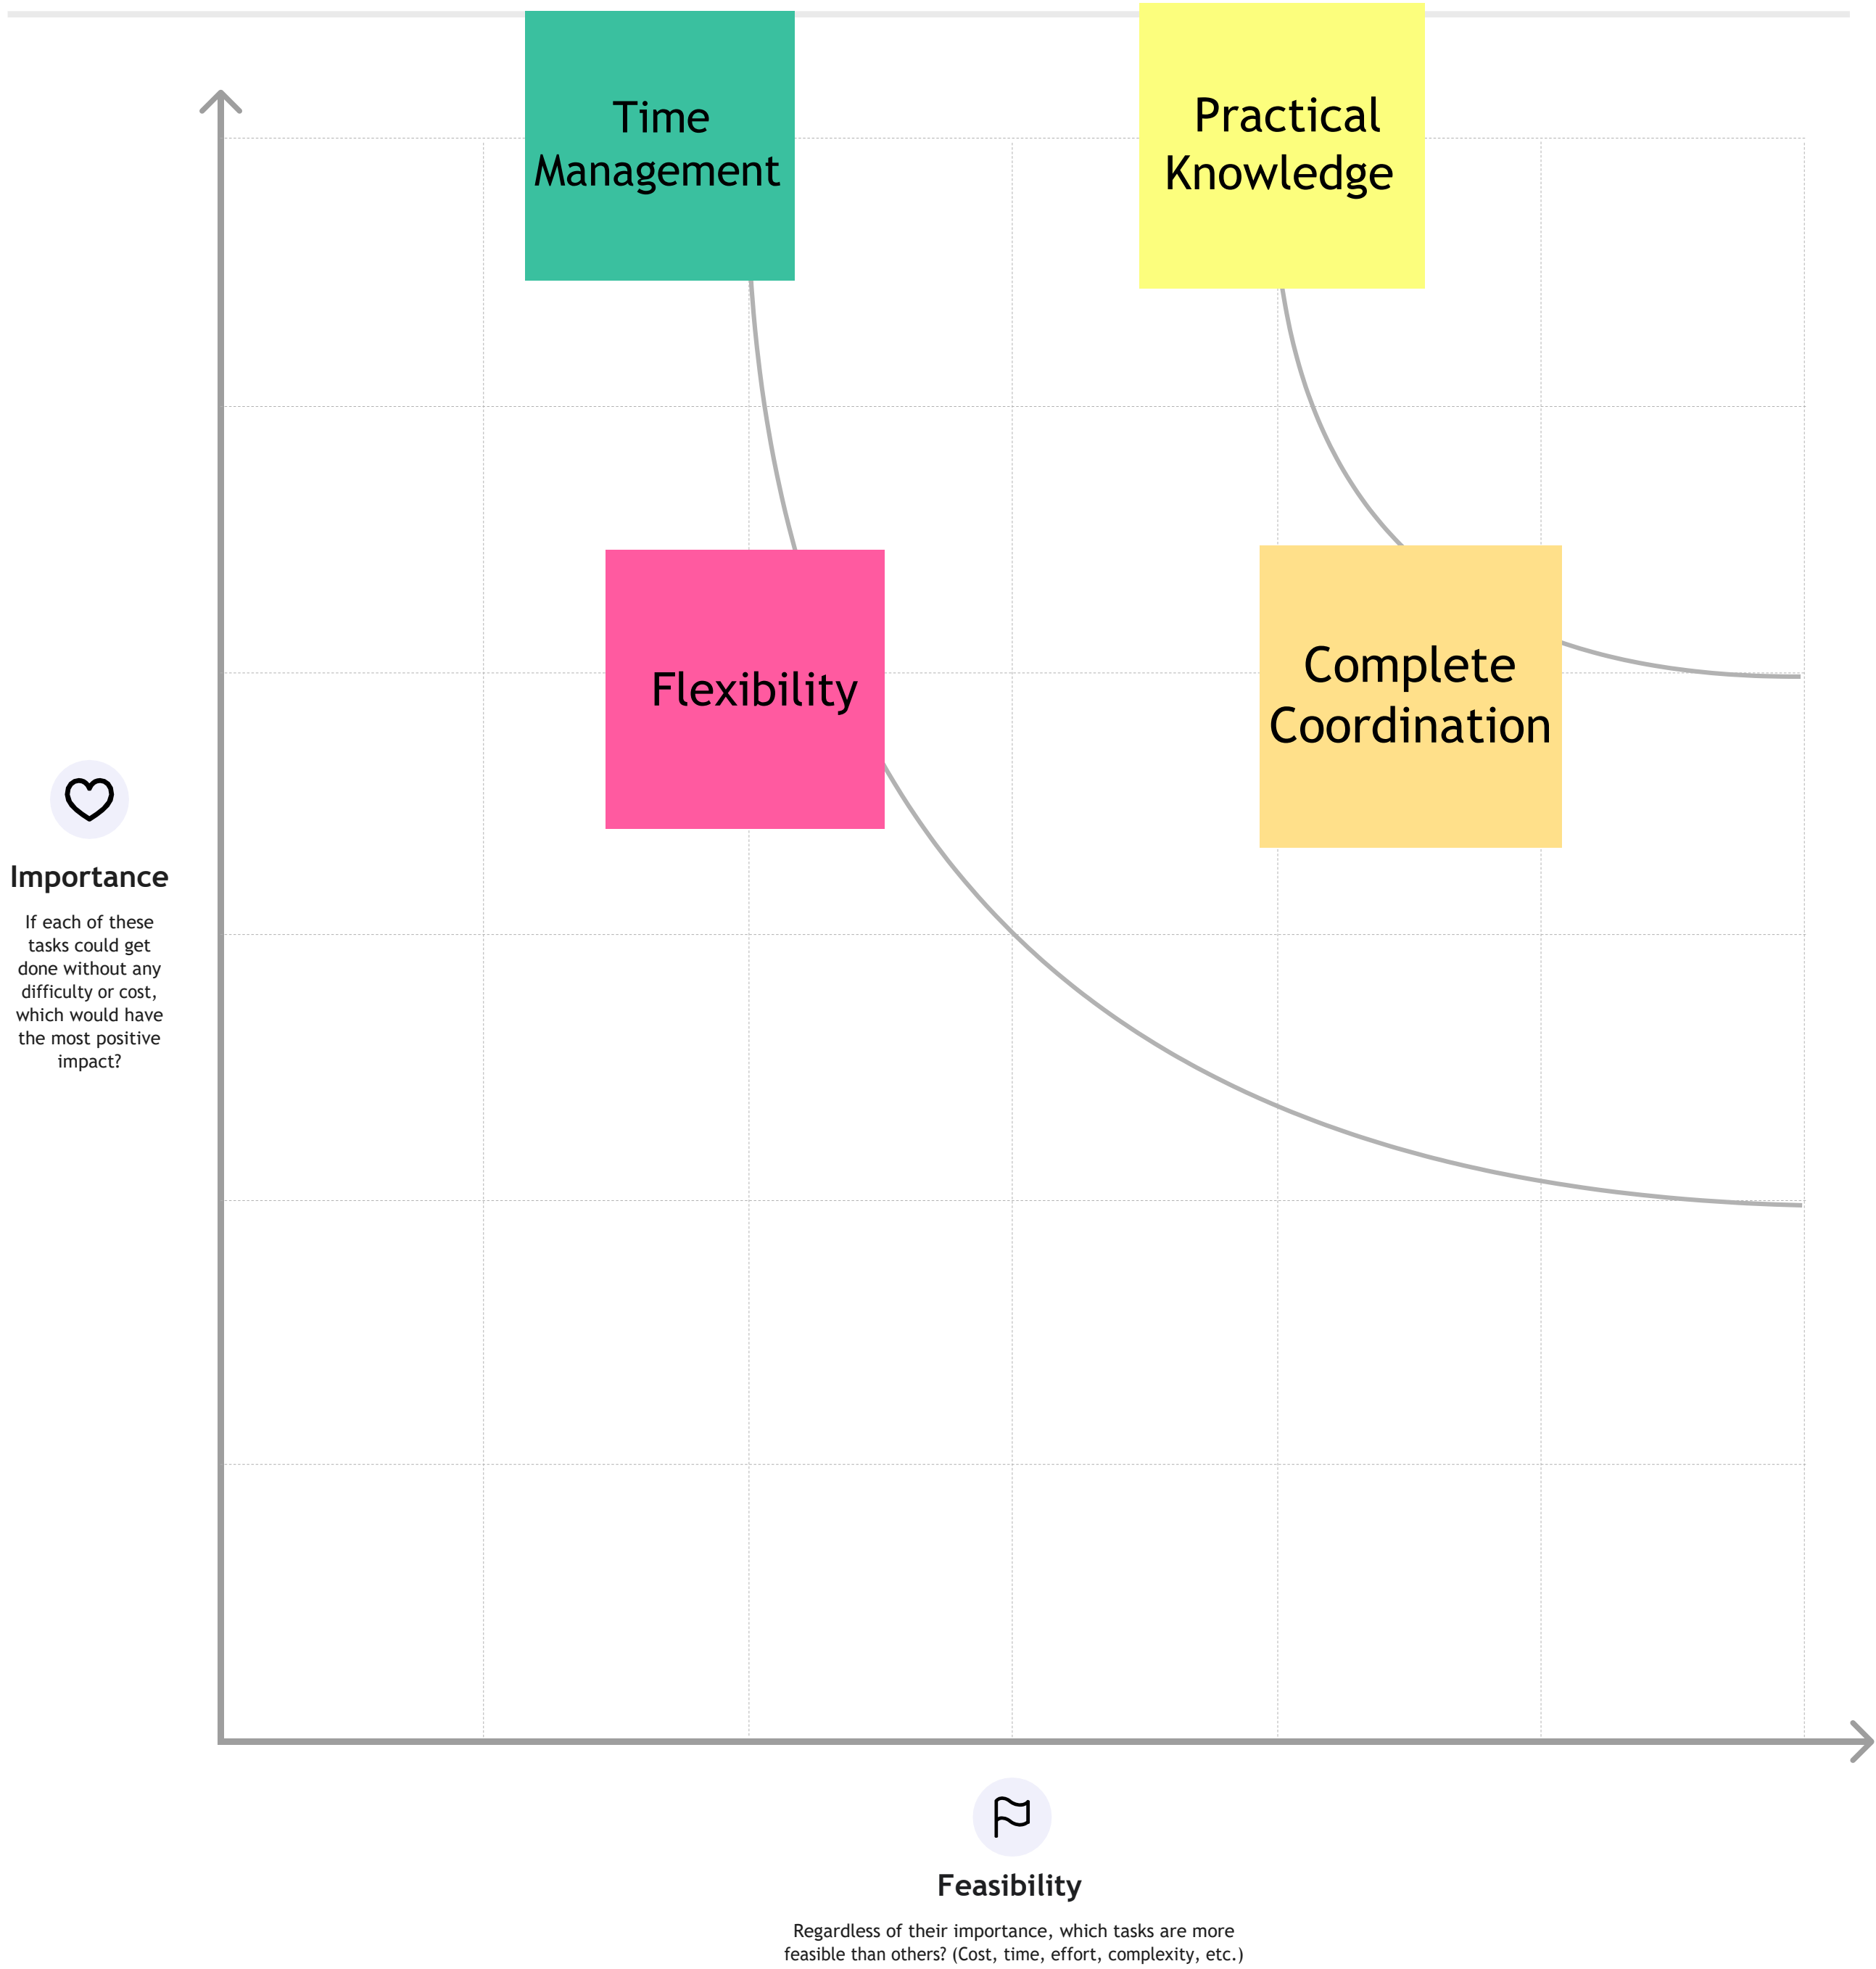

focusing on patient experience could broadly improve value

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

🕒 20 minutes

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

- A** **Share the mural**
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.
- B** **Export the mural**
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint

Define the components of a new idea or strategy.
